

Date : 25th July 2020

DEPARTMENT OF COMPUTER SCIENCE

BOS MEETING 2020

MINUTES OF MEETINGS

Bos Members who attended the Meeting:

1. Anita Gaikwad
2. Vaidehi Deshpande
3. Vinita Singh
4. Tejaswee Pol
5. Priyanka Nimse
6. NilamPatade
7. Mala Mishra
8. Saba Shaikh
9. Pooja Kushwaha

BOS Members :

1. Uday Pawar
2. Sunita Rai
3. SampadaMargaj
4. Geeta Brijwani
5. Maya Nair
6. Poonam Pandey
7. Pratibha Deshmukh

Suggestions:

1. In deep learning, instead of DL, put something else in Unit-III.
2. Just add some briefing about supervised and unsupervised learning in Unit-I of ML/DL syllabus.
3. If possible, avoid concept of NLP in DL, because its very wast.
4. In cyber law and security we can take Unit-II above and add Introduction to Network Forensic.
5. Cyber law can be change to data protection law in Unit-III
6. In law section, we can be Global instead of restricted to India.
7. In cyber forensic and laws add practicals related to both forensic and laws.
8. For cyber forensic and laws practicals you can take references from TYCS practical list.
9. Add some case studies in robotics.
10. For internship, already working students should mentioned details of their working along with bonafide.
11. Project marks can be divided between NPTEL & Project. 300 marks cant be assigned to project.
12. There should be proper verification for internship.
13. Instead of .Net framework we can move linear algebra using python in Sem-III.
14. To track status and project of internship there should be session on Saturday.
15. Try to include all latest references.
