## Syllabus Framework as per LOCF THE PREAMBLE

#### Why Commerce?

Commerce is as old as human civilization. Since ancient times commerce has been practiced all over the world, but the nature of commerce has changed over the years with the changes in economies around the world. Thus, it has become an inseparable part of everyone's life. Human wants are unlimited and becoming multiplied with social and economic developments. Commerce has the capacity to satisfy our needs and provide better life to society and human beings as it encompasses business, profession and employment. The scope of commerce is broader than any other subject because it deals with several human activities like marketing, banking, transportation, management, investments etc. Globalisation has brought many countries close to each other indicating the need of trade and commerce between different nations for sharing resources, mutual development, updating know-how etc. Policies of the Government of India like 'Ease of doing', 'Atma Nirbhar Bharat', 'Start ups', 'Digital India' have encouraged new entrepreneurship in India in the 21st century.

The Indian economy is one of the fastest growing economies in the world. A goal of 5 trillion Indian economies in near term would expedite trade and commerce transactions. This has made learning of commerce indispensable, even if it is occupied in every field whether it is science, engineering, or IT. It develops skills and knowledge required for pursuing multiple career options. Students get a wide range of subject knowledge such as finance, marketing, management, accounts, advertising, law etc. which will be useful for them for pursuing their higher studies, employment or starting their own venture. Thus, commerce without human and business life will be next to impossible.

#### Why Commerce at RJ College?

The department was established in 1981. The first batch of B.Com- aided courses started with 360 students in 1981-82. With a legacy of forty years, today the department offers both UG and PG programs in the subject of commerce with specialisation at PG level in Accountancy and Management which is affiliated to and recognised by Mumbai University. The department also has a Ph.D. research centre in commerce. This provides a vertical progression of students in higher studies in the same college campus. The Department of Commerce invites eminent speakers to deliver lectures on different topics to make the students understand the latest trends in the industry. CORPORA is an Annual departmental fest which comprises different events that bring out hidden talent and skills among the students and also foster entrepreneurship among the students. In addition, the department conducts

experiential visits to industry and different institutions which gives students an opportunity to learn practical knowledge along with bookish knowledge. The Department of Commerce is also offering a Value added Course of 2 credits to extend the knowledge and skills of students other than academics.

#### Strength of Syllabus :-

Under autonomy, the department has made curriculum more robust by incorporating skill-based learning and value-added courses that impart practical knowledge of the subject to the students. The syllabus for commerce for all six semesters is meticulously designed so as to make the students understand the knowledge of different fields like Research, Advanced accounts, Tax, Corporate finance E commerce and Ethics. The course contents are updated so as to keep students in line with trends in industry. The course contents are designed to improve student's employability and skills required for employability.
