

COLLEGE CALENDAR 2025-26 FIRST HALF

As we step into new academic year, the enthusiasm, the joy and the happiness quotient multiply thinking that almighty has showered one more year on us to be better than what we are and being more useful to society. As an educational institute committed to the quality education, we would like to offer the best to our students. NEP2020 has opened the doors more widely for the industry and corporate to enter in our ecosystem which is incomplete without their participation. Purpose of education seems to appear fulfilled when a student can take responsibility of own self and family both financially and emotionally. We want R J College students to excel well in the classrooms, beyond the classrooms and further beyond the campus too. We want them not just to grow with time but to evolve with it and contribute to the process of Nation building.
